The director says in part two that the story shifts from the jungle to the city. I would have been seriously concerned if the reviews had been favourable. The critics were just as harsh on my previous horror film Phoonk. It made enough profit to keep everyone happy. Agyaat, says Varma, was made on a budget of Rs 5 crore. The sequel would be marginally more expensive to make. But again, it wouldn't contain any big stars. The jungle will once again be the star of the film, the director said. What about the plot? At the end of Agyaat, my main couple Nitin Reddy and Priyanka Kothari come out of the killer jungle. Agyaat 2 will start with the couple telling the police what happened. Nitin escorts the police into the jungle and shows how brutally the other members of his team were murdered. When he returns to the city, the creature follows him. Part of the sequel to Agyaat brings Varma back to the Sigiriya jungles in Lanka. In Agyaat, the challenge was not to show the murderous creature and still create panic and horror, as in The Blair Witch Project or John Carpenter's The Thing. I the power of cinema lies in the power of imagination. I used the jungle as a subtext for the entity. Critics have complained about the inconsiderable nature of terror and horror in Agyaat. But according to Varma, that's the USP. The challenge was to create horror out of nowhere. Ridley Scott once said that if you try to explain a supernatural experience, you lose the thrill of it. This would be Varma's second sequel after Sarkar Raj followed Sarkar. I like to leave my options. Most of my movies are open-ended. I like to carry on with the story. I thought I'd make a sequel to Phoonk. But now I've decided to make a sequel to Agyaat. As for the sequel not well received, I don't think that matters, the director said. Telugu star Nitin, who plays the lead role in Agyaat is very excited about the sequel. Apparently he is instructed to be in Rambo-like physical form for Agyaat 2. I'm definitely looking forward to the sequel. It would be another treat to work with Ramu. It was hard shooting in Sigiriya jungles. We had a few injuries. Let's see what happens this time, Nitin said. Agyaat Theatrical release poster Directed by Ram Gopal Varma Produced by Ronnie Screwvala Ram Gopal Varma Written by Nilesh Girkar Puneet Gandhi Starring in Reddy Priyanka Kothari Gautam Rode Rasika Dugal Music by Imran Bapi Tutul Cinematography Surjodeep Ghosh Edited by Nipun Gupta Production company UTV Motion Pictures Deamforce Enterprise Distributed by UTV Motion Pictures Release date 7 August 2009 (2009-08-07) (India) Running time 130 minutes Country India Language Hindi Budget ₹50 crore (US\$7.0 million) [1] Box office 170 crore (US\$24 million) Agyaat (transl. Unknown) is a 2009 Indian Hindi-language mystery-adventure horror thriller drama directed by Ram Gopal Varma, starring Nitin Reddy, Gautam Rode, Rasika Dugal, and Priyanka Kothari in the leading roles. [2] The film was released on August 7, 2009. [4] It was dubbed and released simultaneously in Telugu as Adavi. The film was shot mainly on Sigiriya jungle in Sri Lanka, with a number of scenes in the Athirappilly forests in Cochin, Kerala, India. [5] Synopsis A film unit goes for a shoot in a forest but breaks off deep into the wild. Resulting in a four-day delay, the 9-strong cast and crew of a Bollywood film, including lead actress Aasha, and her selfish co-star, Sharman Kapoor; Decide to relax and take a look out with their guide, Setu. They end up in a picturesque place and decide to spend the night there without realizing that they will soon be stalked and brutally killed by an invisible and unknown beast and/or an alien entity. Cast Nitin Reddy as Sujal Gautam Rode as Sharman Priyanka Kothari as Aasha Ravi Kale as Rakka Ishrat Ali as Moorthy Howard Rosemeyer as JJ Kali Prasad Mukherjee as Shaky Rasika Dugal as Sameera Joy Fernandes - Setu Khan als Laxman Music Song Singer(s) Duration Notes Jai Shiv Bum Shambhu Runa Rizvi & Bonnie Chakraborty 5:06 Song met Gautam Rode en Priyanka Priyanka 'Kiss You Day And Night' Bhaven, Banjotsana & Earl 4:34 Song with Nitin Reddy and Priyanka Kothari Koobsurat Shweta Pandit & Vicky B. Mihir Fadnavis of India.com, who gave the film 3.5 stars out of 5, noted that there is no way Agyaat is not a major career embarrassment for director Ram Gopal Varma and a possible career stopper for Nisha Kothari. [quote needed] CNN-IBN's Rajeev Masand gave 3/5 (Watchable) for director

Ramgopal Varma's Agyaat; Masand states: At a time when special effects and digital tricks can be used to make just about anything, here's a reminder that what really scares us is the stuff we can't see. [6] Nikhat Kazmi of the Times of India gave 3/5 and noted It offers neither sensation nor chills with his repeated running-for-life sequences and its absolutely annoying end offering no explanation whatsoever for scurrying and crying. [7] Subhash K Jha (IBOS) gave 3.5/5 the blanketing Jungle fever has never been more contagious. Every corner of the Sri Lanka jungle as shot with mesmeric skill by the cinematographer Surjodeep Ghosh is filled with danger. [8] Taran Adarsh gave this film a rating of 3.5/5 saying Ramgopal Varma thinks differently. Again, the maverick filmmaker defies the stereotype and goes to the dense forests of Sri Lanka to meet an 'unknown' force and explains further But let's make the misconception clear at the very beginning. Agyaat is not a supernatural thriller (like Phoonk) or a horror fest (like Bhoot). This is more of an adventurous thriller that doesn't scare you at all, but makes you a participant in a heart-stopping journey. [9] References ^ Ramu reveals plot of Agyaat 2. Filmibeat. External links Official website Agyaat on IMDb Retrieved from Can't Believe the producer would waste his money on such a movie do not even ask what the script is about, First of all it is a horror movie, because you do not stand and look like its so bad, directed and acted. Acted. has some excellent movies such as company, bhoot, satya and sou have all the expectations. First all the actors in this movie can't act and even the numbers are boring, the story is that a film crew goes into a jungle and one by one they all start to die, the director uses too many sound effects, even if there's nothing going on in the scene, you don't even have to guess who's killing them are that lame. and they all start to run in the jungle here and there and in the end suddenly you get the credits that there will be second part, I very much doubt that because no producer will waste money on Agyaat part 2. 3 out of 8 found this useful.
